For the most part this map worked for us. However northeast of Galveston, TX, we were heading toward Rt 87. This map shows Rt 87 as going both east and west along the Gulf. But when we got there, the road only ran west. To the east was a beach and water. We ended up wasting nearly an hour backtracking.

The map was easy to read and exactly what I needed and expected

Folds and unfolds very well, it highlights all of the major cities and stops across Texas! Also has a very legible legend and major roads/interstates throughout the state!

Not a big fan of paper maps. Got this one in case of emergency. Map is decent quality. Once fully opened it takes forever to fold it back. You have to match the original creases when you fold or you'll end up with a thick map. Not too sure what they mean by easy read, it's all tiny letters.

Folds out to an enormous size with half the state on each size--not something you can tack to the wall to see the whole state at once. Very detailed with plenty of exploded insets of the major/larger towns. Handy driving distance grid made my research much easier. Would be very hard to handle while in a car--would recommend one of the book-shaped ones for that.

This is a fine map and easier to use than internet maps for planning ahead.

Excellent

Decent map. But, no names on the rivers.
