Ultimate Italian Beginner-Intermediate (Coursebook) (Ultimate Beginner-Intermediate)

Synopsis

Developed by the experts at Living Language, this course has everything you need to learn Italian from scratch or to revive the Italian that you learned years ago. Ultimate Italian combines conversation and culture in an easy-to-follow, enjoyable, and effective format. It's the perfect way to learn Italian for school, travel, work, or personal enrichment. In this book you'll find: 40 lessons with lively dialogues including the most common and useful idiomatic expressions. English translations and explanations of Italian grammar and usage, pronunciation, vocabulary, and cultural notes. Quizzes and review sections to check your progress. A complete summary of Italian grammar, and verb charts covering all major tenses. An extensive two-way glossary.

Customer Reviews

A must have book if you're learning Italian. This is the book I use in my Italian classes I teach. Comes with two sets of CDs. One with just the Italian and one with the Italian and the translation. 8 CDs. Beginning and intermediate Italian. I highly recommend it. It's helped me and my students moltissimo/a lot!

I love it! If you want to learn a new language this is the best put together course I've ever seen! I've used many courses and have achieved considerable fluency in French and when I'm done with this one I will purchase versions for German, Spanish, French to improve my fluency to better fluency

and the Arabic version. I hope living language will make an ultimate Cantonese and I would buy it!

I've only barely scratched the surface with this book, but it seems to be a pretty comprehensive resource for beginning Italian learners. I bought it as a resource to accompany my Pimsler lessons, and believe it will be a wonderful addition. I especially like the cultural references, so you're not only learning about the language itself, but a little about its place of origin and the people who live there. Overall this is a fascinating learning resource.

A good book for learning basic Italian. I purchased it for a community education class and was happy to find the volume available from

This is a good set. However, I am a visual learner and would benefit from more charts and visual depictions of some of the concepts addressed in this program. Excellent, otherwise.

I received the book and it is excellent and in great condition but the CD isn't included which is pretty important especially since pronunciation is such a huge factor in learning a language. The review made it sound like one would receive the CD along with the book but of course that would be too easy.

From the description and a lot of user comments, it wasn't clear that the book is separate from the purchase of the audio CDs that play a huge role for this book. When I got the book, I was disappointed I didn't have the CDs but I had no problem coming back to buy them. But for a \$15 book to have \$150 to \$500 extra in CDs makes no sense to me. It's a loss leader and I'm not all that thrilled to be stuck with a book that is only halfway useful. I guess if you have no problem spending a lot more for the audio, this book could be of use to you.... Don't kill the messenger.

good in my Italian class
