# Taken By The Russian

## Synopsis

Anya is getting ready to go to college, but she's sad to leave her bodyguard behind. Sasha has been everything to her over the year, even more than he knows. She's fantasized about all the ways he could do more than just protect her, and leaving him is making her heart ache. What she doesn't know is he's got his own plans, and they include more than she could have possibly dreamed of. Sasha is the big Russian bodyguard everyone stays clear of. He's intimidating, rough, and knows how to kill. But there's a soft spot inside him, and it's name is Anya. He's made a promise to her father and to himself that he won't touch her until he's fulfilled his duty. But that time is almost up, and her innocence is free to claim. Warning: We know how our readers love it dirty with a side of sweet so we've stolen a book from Jessa Kane, and added our own little sparkle to it. It's the filthiest ever, so bring a spoon. You guys are going to eat it up.

## Customer Reviews

Sasha is a giant Russian--make that a mammoth Russian--bodyguard to 18 year old Anya. For five years he has taken care of and protected her when her own father emotionally abandons her after

her mother's death. He has watched over her and loved her, and been faithful to his oath to keep her pure. Now, she is off to college and his debt to her father paid and his oath is fulfilled. Now he will claim her. A scorchingly hot story with some daddy play.

Good lord!! This one will melt your ereader!!! Hot and spicy with some story mixed in. Loved it!!  
Sasha and Anya are perfect together.

Loved this book. It was cute. Anya drove Sasha crazy, but he was the best thing that happened to her. I loved to have a man like him.

I couldn't put it down. It's so good. Love reading about their relationship before and after she returns  
18. Couldn't get enough.~ ^ ^~ ^ ^~ ^ ^ ^ ^•

Oh. My. God. This book is just as hot as they promised. So. So. Good.Sasha is Anya's Russian bodyguard/hit man, these two had so much heat...you probably need to read it with a dang fire extinguisher close by. Anya has wanted Sasha since she watched him in the shower, naturally he had no idea she had ever seen him. He has wanted her too, but made a vow to her dad that he would protect her innocence for 5 years. And he did, but when the clock struck and that vow was off....all was fair game.Their wedding scene was so hot that I felt I needed a cigarette....and I do not smoke, but it was probably one of the hottest scenes I have ever read \*blushes\*. They have some naughty scenes throughout the book that are priceless. They literally don't care where they are or who's there...it's quite entertaining. He's always her protector, which I love, and she needed that protection a few times in the book, because she pushed his control and he had to save her.Pretty sure I had most of this book highlighted...so, so, good. We get not 1, not 2, but 3 epilogues, which I appreciate. We get one hot over protective alpha male, one sweet & sassy female and so much heat you have to read to believe. If this sounds like your kinda book....it probably is, because it was certainly mine \*winks\*.I voluntarily read and reviewed this book.

I am a huge Alexa Riley fan .I swear when you start reading there books it's like you can stop , you constantly need another one , So when I heard about Taken By The Russian I was so excited to read this book and I heard fantastic things about jessa kane books as well .Every book that has Alexa Riley in there is always very hot and sexy . this book was just on a level of its own Alexa Riley and Jessa Kane came together and write one of the most sexiest , dirtiest ,addicting stories I have

ever read , my jaw dropped while reading certain parts in this and that rarely ever happens. Anya and Sasha story was a sexy ,dirty , thrilling ,intense romance and I enjoyed reading this book so much ! If you love all these things in your books then you should definitely pick up this book as soon as you can

For 5 yrs Sasha has watched over and protected Anya, ever since her mother died and her father hired him, even though his real purpose in the mafia was as a hitman. But since the first day he laid eyes on her he knew she was his. He watched over her, held her when she cried for her mother, made sure she was kept on a schedule. But most of all MINE.Anya was 13 yrs old when she met Sasha and he was everything to her. Now she is going off to college and she is happy for that but, she doesn't want to lose Sasha. He's been with her the last and she doesn't know how she will handle being without him.What Anya doesn't know is Sasha has a plan and that it will change her plans and life

Â To the authors: I think you have out done and has raised the bar with this one, for yourselves.

Taken by the Russian is different from other AR books. Not at all surprising, as the book was co-written. Taken is dirtier and more taboo. Sasha is 35 and Anya is 18. They meet 5 years ago when Sasha was hired to be Anya's bodyguard. He noticed her then, at 13, but made a promise to her father and himself to not touch her until she was of age. To further complicate matters, Sasha raised Anya those five years. His is Uncle Sasha, her protector and caregiver. In real life and fiction, this is creepy. This relationship will surely trouble some readers, but I must say no lines were crossed until Anya is 18 and headed for college. She is a willing participant and has been trying to get Sasha's attention for years, but he never gave any indication that he was interested.Taken will not be for everyone. The age difference and exhibitionism can be found throughout. If these aren't things you're willing to give a chance, I would suggest finding another read.
