Zenspirations Coloring Book Abstract & Geometric Designs: Create, Color, Pattern, Play!

Synopsis

Enter a fantastic world of 30 expressive abstract designs in this extraordinary coloring activity book. Zenspirations(R) creator Joanne Fink reveals her easy-to-learn techniques for combining playful patterns in intricately textured designs. So much more than mere outlines to color, exquisite Zenspirations patterns are launching pads of endless imagination and creativity. You don't need to have the skills of an artist to create your own masterpiece here. After your patterning is complete, go ahead and explore color! Use the finished examples for guidance, or try your own interesting color combinations to create stunning avant-garde art. Printed on high quality extra-thick paper, this beautiful and inspirational book is perfect for decorating with your choice of colored pencils, markers, or gel pens. Pages are printed on one side only, and are pre-perforated for easy removal and display.

Customer Reviews

A prolific designer, 6-time Louie Award Winner, and author of several books, Joanne Fink is the founder of Lakeside Design. She is an active member of Greeting Card Association Board of Directors, member of LIMA's Licensing University faculty and was founding President of the International Association for the Calligraphic Arts

I love Joanne Fink's designs, as I have said before, and I much prefer this book to the Inspirations volume. I realize that I am more of an abstract person, than a butterfly and inspirational quote person! I use this book for starter ideas for my own work. I don't copy, or even colour in the book itself, but I get inspiration. Not exactly voluminous, but a neat little book for the money. I would suggest trying to see it before you buy it, just to make sure it's what you want.

Fun book, lots of ideas and inspiration. Good when you are starting to add color to your tangles. My grand daughter loves it!

I have recently taken up zentangle and am always looking for ideas to tangle. This is a great book for sampling colors and adapting tangles. Especially for the beginner.

I love the designs in the book. They are on one side of the page only so you don't have to worry about bleed through and is perforated for easy removal of the page. I truly have not met a design by Joanne Fink that I don't like. When I first discovered adult coloring books she was one of the first that I purchased and between her and one other artist they take up 90% of my shelf! I love this book especially because the different designs, circles, squares, hearts, etc, are great for practicing zentangle inside and around and then add to the butterflies and flowers book or the inspirations books.

Great layout, and the designs are marvelous. I guess some buyers didn't see the words Create & Color on the cover and must have expected something other than they got. Well worth the money, I was pleased with the illustrations and felt the book represented Joanne Fink's art perfectly. I recommend this book for those interested in coloring and creating with these patterns. Inspiring work.

This book really inspired me to not only color the designs but also make some of my own. I really like this artist for many reasons but she talks to you through her explanations as if you were sitting across from her.

With these abstract drawings you can really escape into a zen-like relaxation. Good heavy weight paper with one sided images. Great for use with colored pencils, water colors, or markers.

I bought this book for ideas not realizing it was actually a book that one colors. But I know I will get a lot of use from it -- good ideas and I might even color it too! Arrived quickly and in perfect condition. Thanks
