As one who appreciates using words that are not the "same ol' thing" and learning new ones whenever I can, I am enjoying greatly just reading through this book and checking out various words. In fact, I often spend time reading about words other than the ones I was originally researching.

Delaying the death of American English.

This book has over 6000 words and all of them are fun and interesting. It is like a huge match game since some words are synonyms of others. All you have to do is read the words and then find the matching ones. I have been using this book for several years (this one is my second) and I find it helpful when someone is trying to be an erudite logophile.

Absolutly fun dictionary to have on your coffee table for friends and family to go through! I love discovering new words.

Great product for a great price.. Thanks !!

Good vocabulary book.

I'm in love again.

Gave it as a gift to someone who loves arcane words. It was a big hit!
