Elaine Costello, PhD, was a longtime educator and author in the field of deafness. For ten years she was a classroom teacher and supervisor in schools for the deaf. She also served as the director and editor in chief of the Gallaudet College Press at Gallaudet College in Washington, D.C., the world's only liberal arts college for the deaf.

This book has a plethora of illustrations. I am seriously studying ASL with Life Print. I need this dictionary in a pinch. I am very happy with this purchase.

Very informative

Great Illustrations

Wife very pleased.

Bought this for a friend who's partially deaf, but only knows a little signing. I already had one, so now we practice together!

This dictionary is awesome. I love how the author not only puts the definition of the sign, but also, gives the reader what can be another word to represent the sign. Awesome dictionary!!

Has a lot of the newer ASL signs in here, and a good introduction to how to hold hands and the history of ASL.

Better than I expected! I was only using the book for a class, but looking through it, really looks useful outside the classroom. It's easy to read and fun to use!
