Real Mermaids Don't Sell Seashells

Synopsis

Being a Teenage Mermaid is No Day at the Beach A tropical vacation sounds like the perfect way to spend fall break— even for an aqua-phobic mer-girl like Jade. She can't wait to enjoy the warm sunshine and all-you-can-eat buffet with her best friend Cori and boyfriend Luke. (That's right. Boyfriend. It's official.) But when a body splashes into the water as a cruise ship enters the harbor, Jade realizes there might be trouble in paradise. And the mysterious boy selling conch shells in the market definitely knows more than he's letting on. Jade promised herself: No mer drama on vacation! But it couldn't hurt to check things out...right? Praise for *Real Mermaids Don't Wear Toe Rings*: "Bravo to HÃfÂ©lÃfÂ¨ne Boudreau for hitting the bull's-eye with a fresh, affectionate, eatery twist on the classic coming-of-age-story."—New York Journal of Books "The author keeps suspense high...while tapping straight into young teens' angst about friends, enemies, and boys."—Kirkus Reviews

These books are very quick reading for the average adult, because they are geared more for junior high/early high school aged readers. They are very reminiscent of Beverly Cleary in that the characters are very easily relatable, even with being 1/2 mermaid. The adolescent issues are very real. I found the entire series to be sweet and poignant while having some surprises and twists and turns along the way. I'd highly recommend them to anyone who loves mermaids and wants a bit of fun summer reading.

This book was absolutely AMAZING!!! In the final book of the Real Mermaids series, Jade goes to the Bahamas for her parents wedding and things get really crazy - MER crazy! If you like humor and fiction, as well as mermaids, you'll love this book! (But if you haven't read the the first three books of this saga yet, I highly suggest you do! They are also awesome reads!) Five stars for sure!"

My daughter flew through all of these books. She is 12, she LOVES mermaids, and she is hooked on these books!

I really loved the whole new drama that takes place in a different part of the world. The mystery was a step up from the normal and was on a whole new level. I would recommend the whole series to all girls 8 and up

The book was awesome and I wish I could give it more than five stars. I thought the whole book was awesome and always kept you hanging. I would recommend this book to any girl fifth grade and I hope everyone else likes this book as much as I did. :) :)

This is a awesome book for girl teens it's not inappropriate but not really for younger kids. I give it a 4 star rating for it was hard to understand what is going on but all in all great book.

I loved it. I really encourage this book to any teenager who is looking for a romantic action filled novel. Its incredible.

This book was amazing! I wish there was more books in the series! I seriously am had having trouble finding another book to read!
