Customer Reviews

This piano-vocal score cannot be recommended too highly. It is larger and more readable than the more expensive Peters Edition. It is also the only score I know of this opera with both the original German text and an English adaptation. It also lies fairly flat on the music rack, which is nice.

I am learning the "mother" role for a workshop. It is the edition we are using. No mistakes in it that I can see.....I don't always agree with the English translation, but it is OK. Has English translation, but German first.

Exactly what I was looking for; this is the version I kept referring to at the music library. The bottom right corner was slightly damaged in shipping, which is a bummer when buying a new score, but it doesn't affect anything but aesthetics.
